

B.S. 25799. U.S.S. Tanager
standing off camp on Wilkes
Island unable to anchor because
of deep water. Wake Island.
August 2, 1923.

B.S. 25800. A landing party
approaching camp on Wilkes Island,
Wake Island.
July 27, 1923.

B.S. 25801. View of Wake Island
(south side) from ship.
August 5, 1923.

1641. Wake Island as seen from
the ship (showing Wake Island proper).
August 5, 1923.

B.S. 25803. View of beach
(Wake Island). Wake Island.
August 1, 1923.

B.S. 25804. Leeward beach near
camp on Wilkes Island. Wake Island.
July 30, 1923.

B.S. 25805. Shore of lagoon
(Wake Island). Wake Island.
August 1, 1923.

1642. Shore line of Wilkes Island
on Lagoon at entrance of boat channel
between Wilkes and Wake Islands. Wake
Island atoll.
July 27, 1923.

B.S. 25807. Shore line of lagoon.
(Wake Island) Wake Island.
July 31, 1923.

B.S. 25808. Shore line of
lagoon (Wake Island) Wake Island.
August 1, 1923.

B.S. 25809. Mass of coral rock
cast on beach by storms (southern
shore of Wake Island). Wake Island.
August 1, 1923.

B.S. 25810. Rock exposure on
beach (Wake Island). Wake Island.
August 1, 1923.

1643. Beach of Wake Island
at low tide.
August 1, 1923.

B.S. 25813. Drift and coral heads
washed onto island by storms (Wilkes
Island) Wake Island.
July 31, 1923.

B.S. 25815. Sesuvium and the
shrub Pemphis (Wake Island).
Wake Island.
August 3, 1923.

1644. An opening in the brush
grown partly with Sesuvium on Wake
Island.

August 3, 1923.

B.S. 25817. Growth of
Pemphis (Wake Island). Wake Island.
August 1, 1923.

B.S. 25818. Growth of Sesuvium
(Wake Island) Wake Island.

August 3, 1923.

B.S. 25820. Southern channel ,
into lagoon. Practicable for small
boats at high tide. Wake Island.
August 5, 1923.

1645. Southern channel leading
into lagoon at low tide. Wake
Island.
August 4, 1923.

B.S. 25823. Shore line of
eastern end of lagoon on Wake
Island. Wake Island.
August 2, 1923.

1646. Tournefortia argentea
growing near beach on Wake Island.
August 4, 1923.

B.S. 25825. Shrubbery on
Wake Island (Pemphis). Wake
Island.
July 27, 1923.

B.S. 25826. Eastern end of Wake
Island, U.S.S. Tanager in distance
Wake Island.
August 1, 1923.

B.S. 25828. Tournefortia
argentea near beach on Wake
Island. Wake Island.
August 1, 1923.

1647. Tournefortia argentea
growing on beach. Wake Island.
August 1, 1923.

B.S. 25831. Typical shrubbery
Tournefortia argentea on Peale
Island. Wake Island.
July 30, 1923.

B.S. 25832. View of open
growth of Tournefortia argentea on
Wake Island. Wake Island.
August 2, 1923.

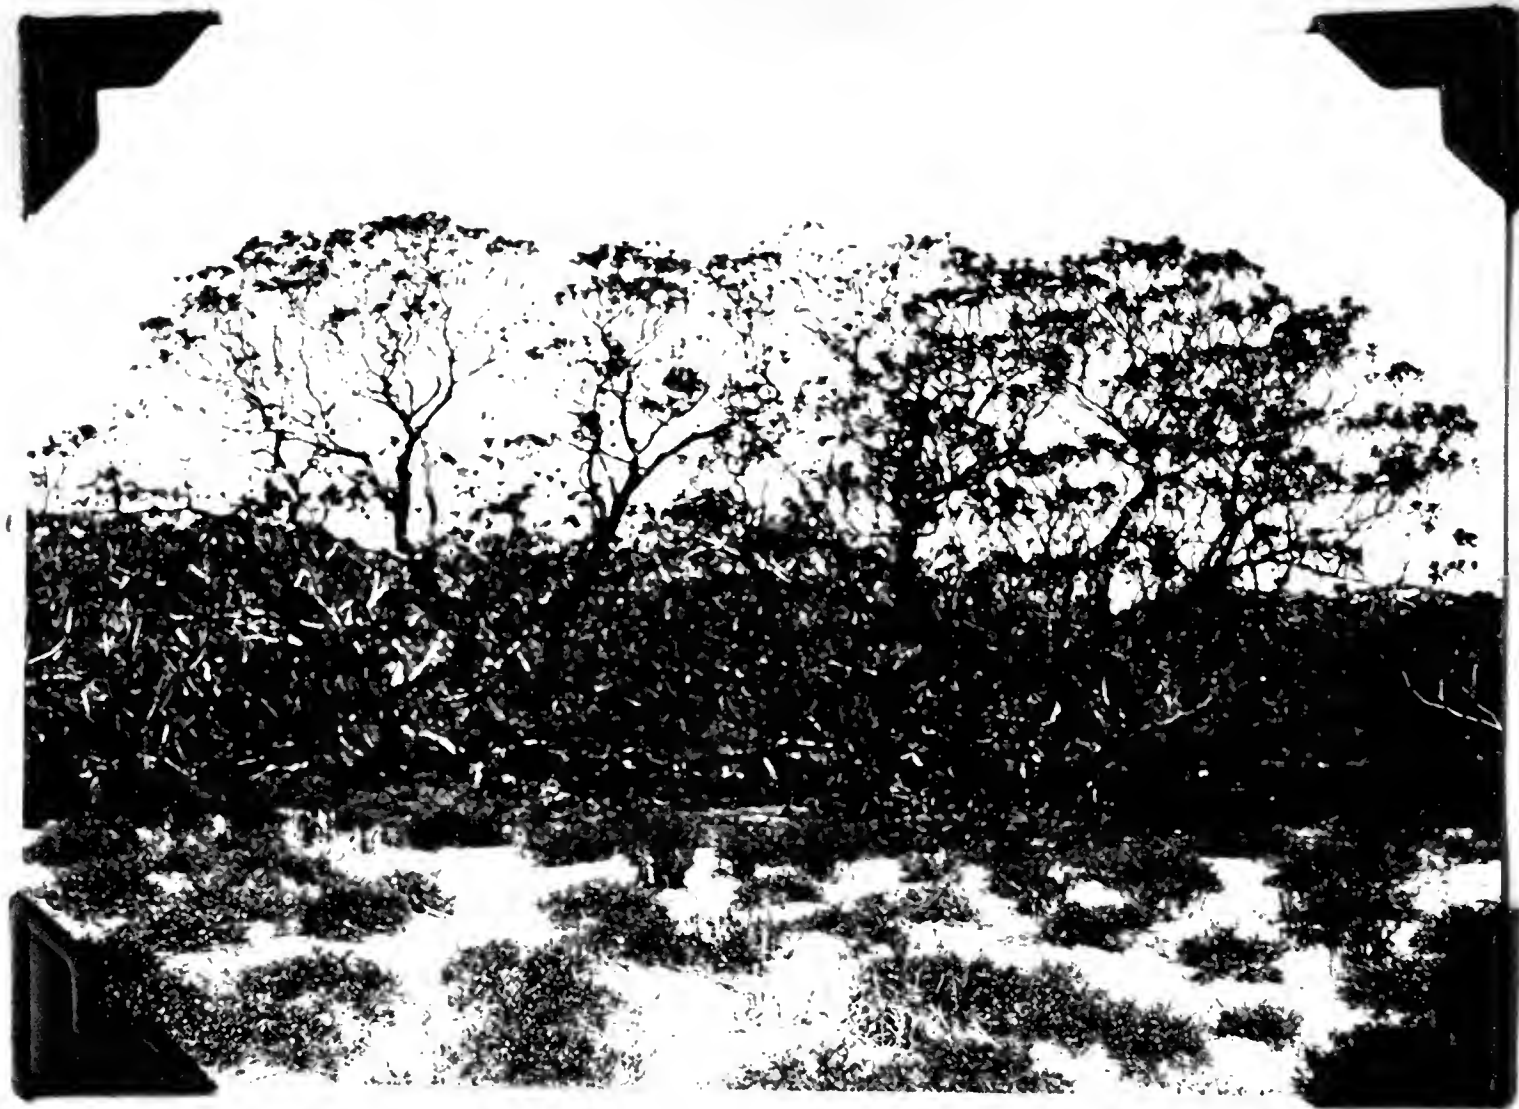

B.S. 25834. Mass of coral
rock cast on beach of Wake Island.
Wake Island.
August 3, 1923.

B.S. 25835. Tree trunks and coral
heads washed by storms over Wake
Island. Wake Island.
August 2, 1923.

1648. Typical shrubby growth
of Tournefortia argentea on Wake
Island.

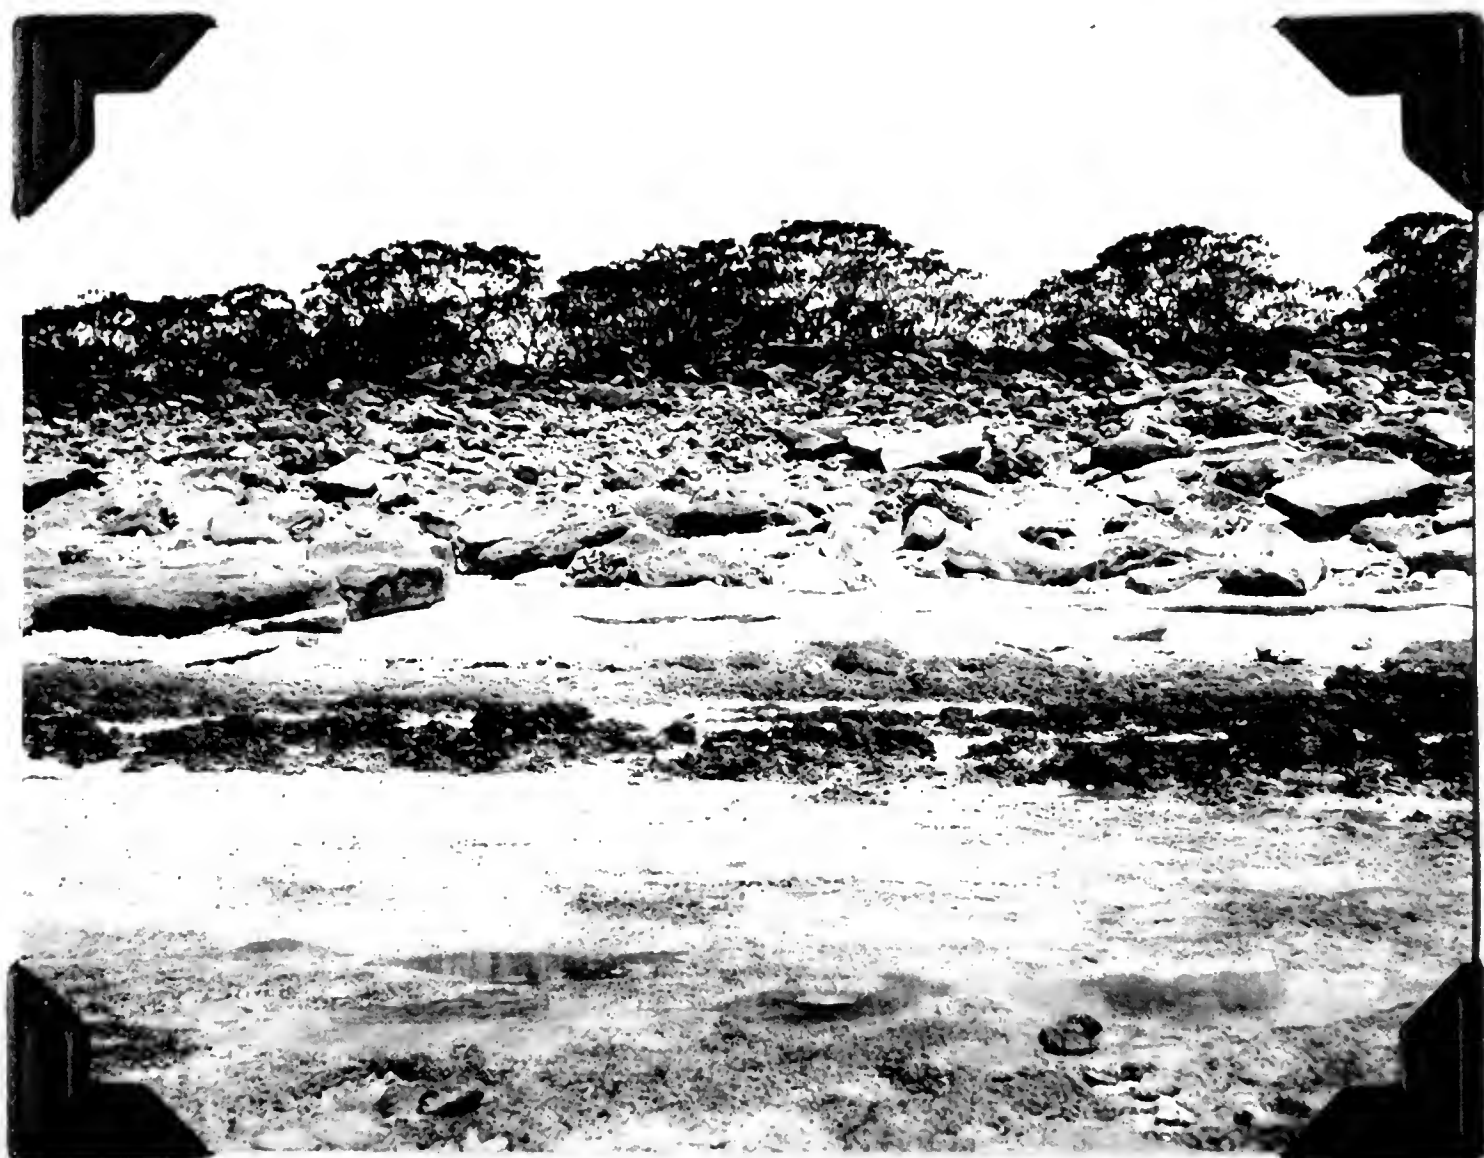

July 30, 1923.

B.S. 25838. View from Peale
Island toward channel leading
into lagoon. Wake Island.
July 30, 1923.

B.S. 25839. Steep beach on
windward side of Peale Island.
Wake Island.

July 30, 1923.

B.S. 25840. Windward beach of
Peale Island. Wake Island.
July 30, 1923.

1649. Rocky flat on wind-
ward side of Wake Island at low
tide.
July 30, 1923.

B.S. 25842. Japanese shrine on
Wilkes Island. Wake Island.
July 31, 1923.

1650. An old Japanese
shrine on Wilkes Island, Wake
Island.
July 31, 1923.

1651. Old Japanese shrine on
Wilkes Island, Wake Island.
July 31, 1923.

1652. Old Japanese shrine on
Wilkes Island. Wake Island.
July 31, 1923.

1653. Part of old Japanese shrine on Wilkes Island. Wake Island. July 31, 1923.

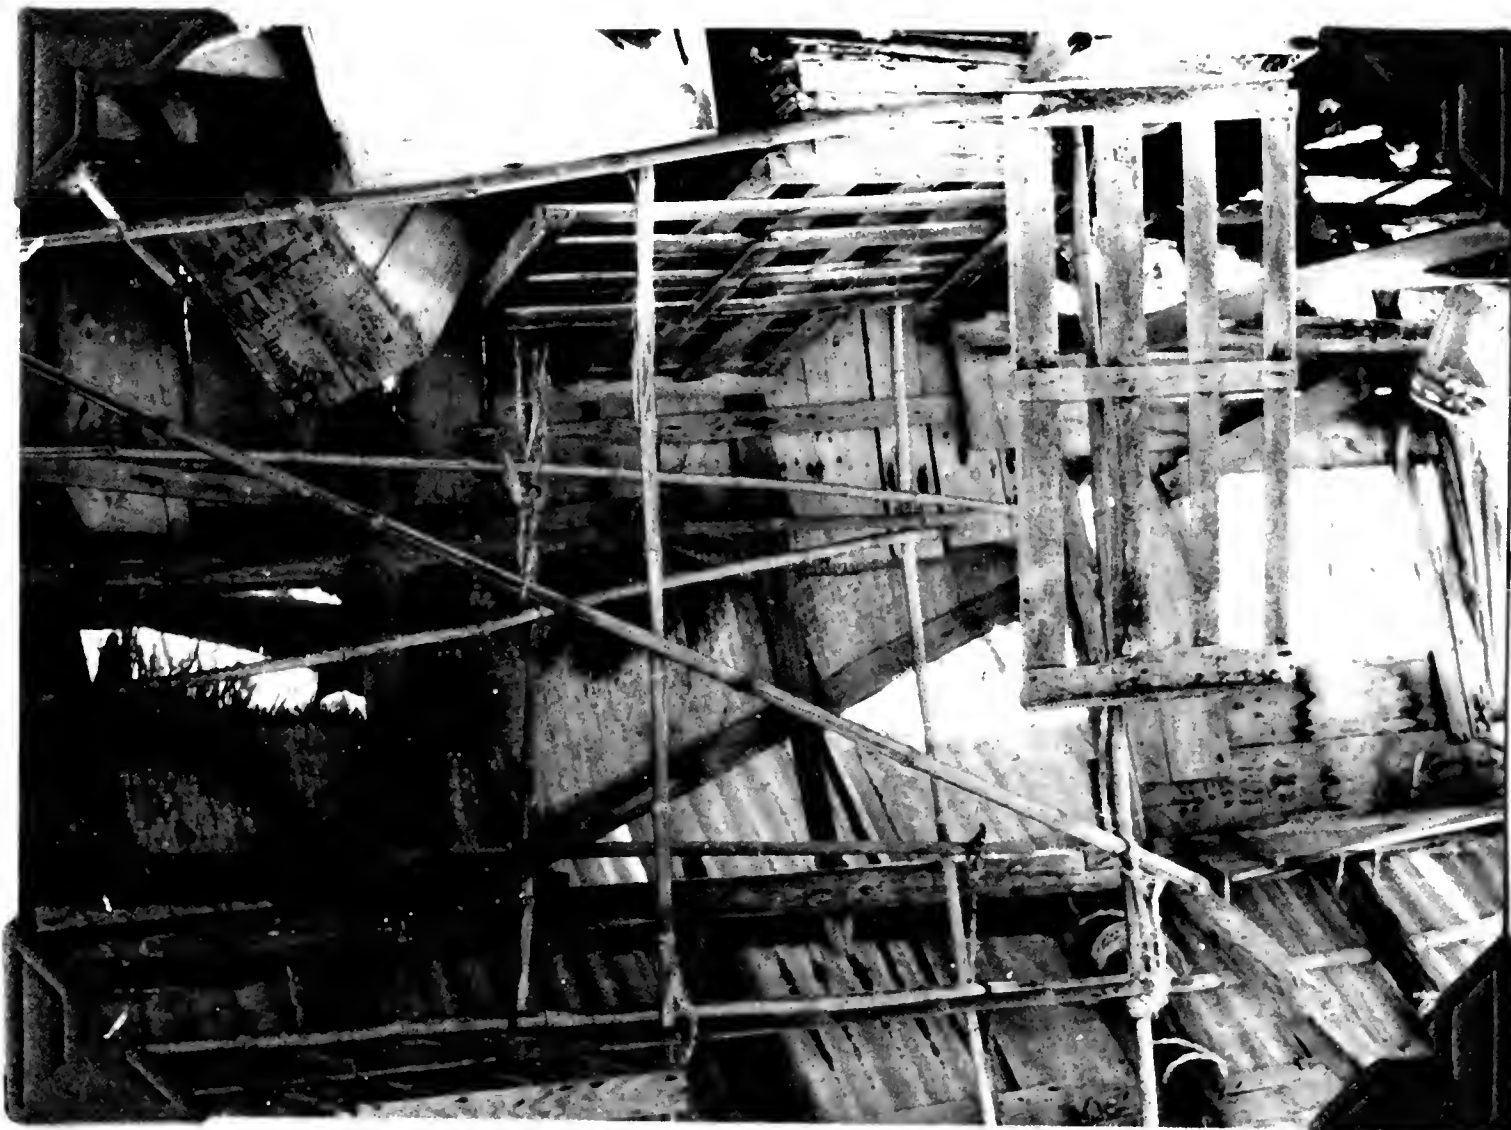

1654. View of old camp of Japanese feather poachers, Peale Island. Wake Island atoll. July 30, 1923.

B.S. 25843. Old camp of Japanese bird poachers on Peale Island. Wake Island. July 30, 1923.

B.S. 25844. Work shop where
birds were prepared. Old camp
of Japanese bird poachers on
Peale Island. Wake Island.
July 30, 1923.

B.S. 25847. Racks for drying bird
skins at old Japanese poachers camp
on Peale Island. Wake Island.
July 30, 1923.

B.S. 25848. Bones of birds
destroyed by Japanese poachers
(Peale Island). Wake Island.
July 27, 1923.

1655. Work shop of Japanese
feather poachers, Peale Island
Wake Islands.
July 27, 1923.

B.S. 25846. Skinning table
for birds used by Japanese poachers
on Peale Island. Wake Island.
July 30, 1923.

1656. Work bench used by
Japanese feather poachers in
preparing birds. Peale Island,
Wake Islands.
July 30, 1923.

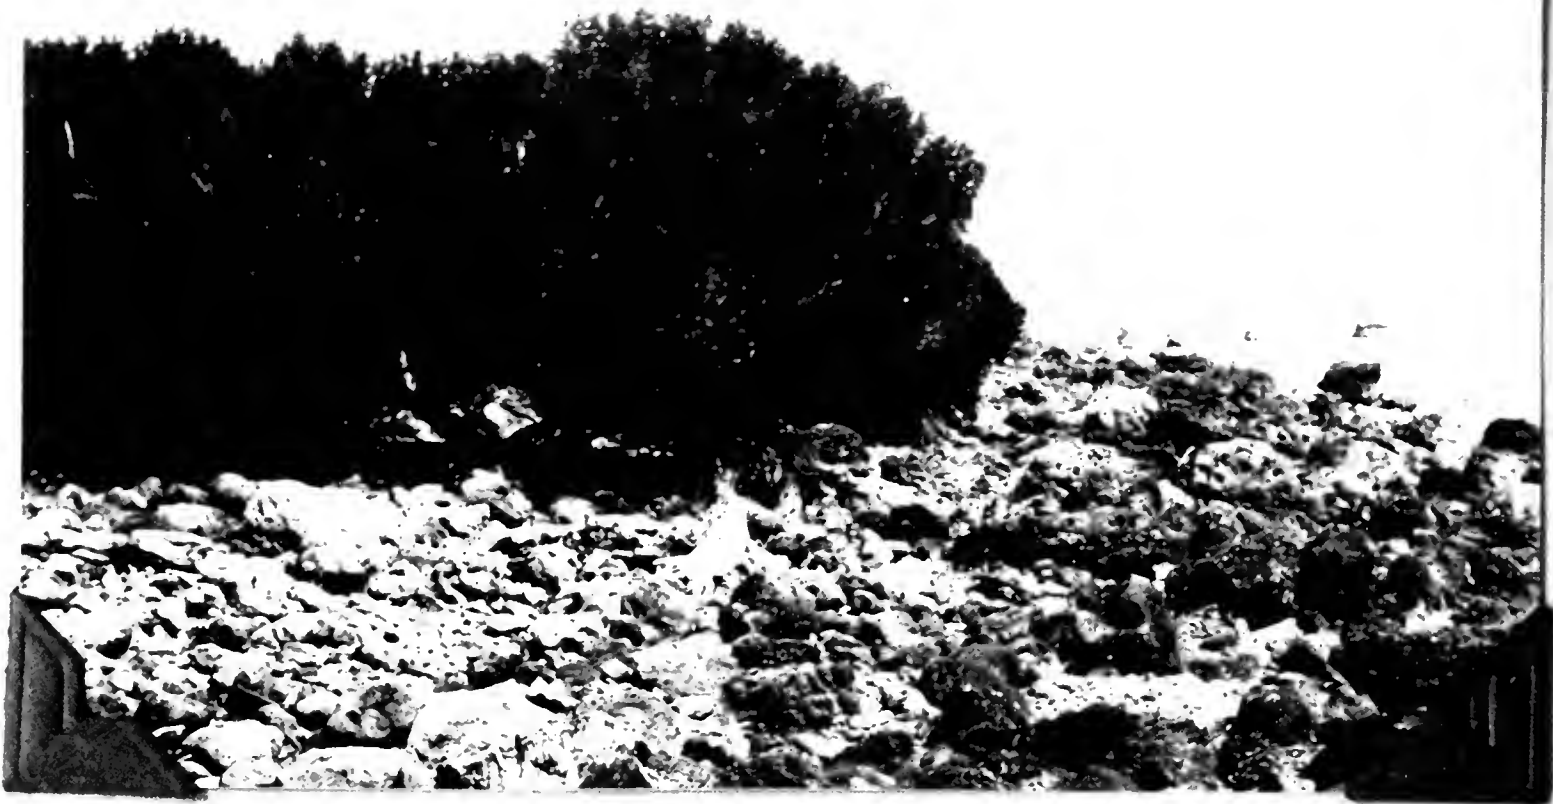

B.S. 25849. Camp scene on
Wilkes Island, Wake Island.
August 2, 1923.

B.S. 25850. Hermit crab. Wake
Island.
August 4, 1923.

1657. Hermit crabs seeking
shade for the day. Peale Island,
Wake Islands.
July 30, 1923.

1658. The inner beach on the lagoon. Wake Island. Wake Islands. July 27, 1923.

1659. Inner beach on the lagoon of Wake Island, Wake Islands. July 27, 1923.

1660. E. Schlemmer and A. Wetmore with sail-rigged skiff in the lagoon at Wake Island. July 30, 1923.

1661. An opening in the stand
of Tournefortia with sandy soil
honey-combed with shearwater
burrows. Peale Island, Wake Islands.
July 30, 1923.

1662. A tangle of vines and
vegetation on Peale Island, Wake
Islands.
July 30, 1923.

1663. The windward shore of
Peale Island, Wake Islands.
July 30, 1923.

1664. The windward shore of
Peale Island, Wake Islands.
July 30, 1923.

1665. The windward shore of
Peale Island, Wake Islands.
July 30, 1923.

1666. The windward shore of
Peale Island, Wake Islands.
July 30, 1923.

1667. Algal formations on
north shore of Peale Island, Wake
Islands.

July 30, 1923.

1668. The lagoon side of Peale
Island, Wake Islands.

July 30, 1923.

1669. Colony of sooty terns
on Peale Island, Wake Islands.

July 30, 1923.

1670. Looking south across the
Wake Island atoll from Peale Island.
July 30, 1923.

1671. Camp on the beach of
Wake Island, Wake Islands.
July 30, 1923.

1672. Looking across the lagoon
north toward Peale Island from
Wilkes Island. Wake Islands.
July 31, 1923.

1673. Rock exposure on
south beach of Wake Island,
Wake Islands.
August 1, 1923.

1674. A mass of whale flesh
cast up on the south shore of Wake
Island. Wake Islands.
August 1, 1923.

1675. The eastern end of
Wake Island. Wake Islands.
August 1, 1923.

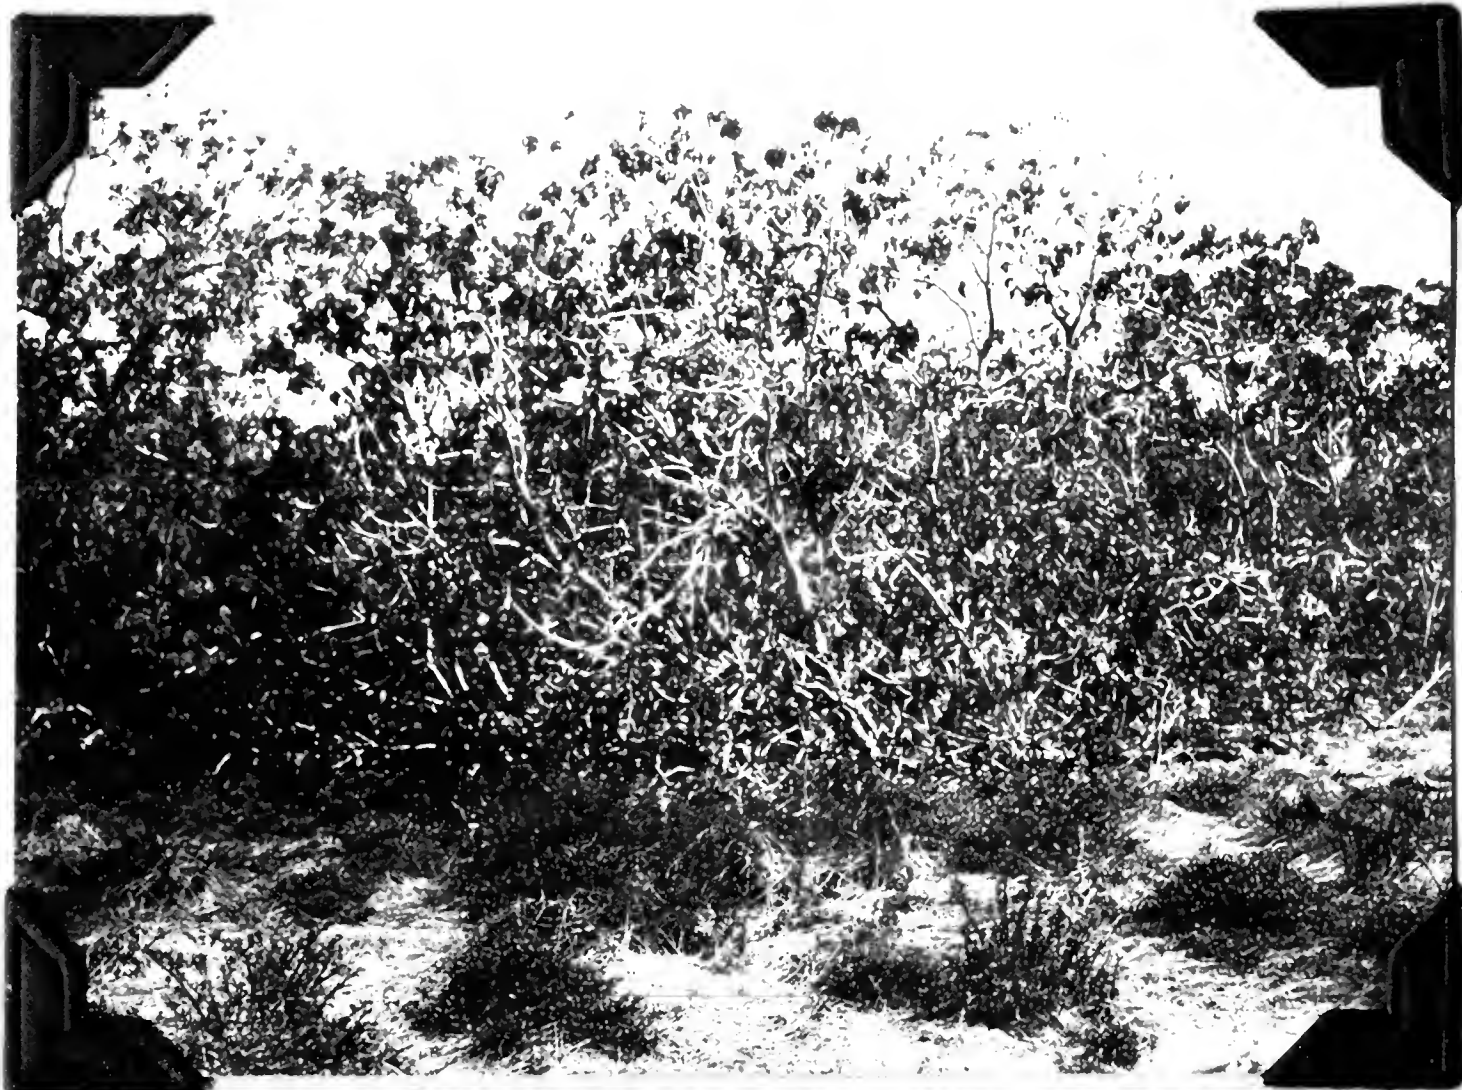

1676. The shore on Wake Island
on the northeast section of the
lagoon. Wake Islands.
August 1, 1923.

1677. Hermit crabs caught in
our traps set for rats. Wilkes
Island, Wake Island.
August 1, 1923.

1678. An orange flowered shrub
on Wake Islands.
August 2, 1923.

1679. Vegetation on Wake
Island, Wake Islands.
August 2, 1923.

1680. Left to right, Bryan,
Schlemmer, Palmer and Pollock.
In camp on Wake Island.
August 3, 1923.

1681. Left to right, Palmer,
Bryan, Schlemmer, Anderson,
Pollock. In Camp, Wake Island.
August 3, 1923.

1682. Dr. C. Edmondson of the University of Hawaii packing corals at our camp on Wilkes Island, Wake Islands.
August 3, 1923.

1683. Eric Schlemmer examining remains of old boat at the Japanese camp on Peale Island, Wake Island.
August 5, 1923.

1684. An old channel across Wake Island, Wake Islands.
August 4, 1923.

1685. An old fire place found
on Wake Island, Wake Islands.
August 5, 1923.

1687. Pollock, Schlemmer and
Higgs the cook in camp. Wake
Island.
August 5, 1923.

1686. Schlemmer, Bryan and
Thaanum, in camp on Wake Island.
August 5, 1923.

1688. Southeastern shoreline of
Wake Island, Wake Islands.
August 5, 1923.

1689. Southern shore line
of Wake Island, Wake Islands.
August 5, 1923.

B.S. 25851. Tantalus-Nuuuanu
Ridge. Growths of Guava, Lehua
and Koa. Oahu Island.
June 6, 1923.

B.S. 25852. Forest of Lehua
and Koa, Nuuanu Ridge. Oahu.
June 6, 1923.

B.S. 25854. Moana Valley from
Nuuanu Ridge. Oahu.
June 6, 1923.

B.S. 25855. Diamond Head from
Mt. Tantalus above Honolulu, Oahu.
June 6, 1923.

1690. Tha Tantalus-Nuuanu Ridge
showing slopes grown with guava,
lehua and koa. Oahu.
June 6, 1923.

B.S. 25856. G. P. Wilder, Warden,
Hawaiian Bird Reservation in hills back of
Honolulu, Oahu.
June 6, 1923.

1691. Gerrit P. Wilder (Kauka) with a
mongoose. Nuuanu Ridge, Oahu, Hawaiian
Islands.
June 6, 1923.

1692. Gerrit P. Wilder (Kauka on
the Tantalus-Nuuanu Ridge, Oahu.
June 6, 1923.

B.S. 25857. Bernice Pauahi
Bishop Museum. Honolulu, Hawaii.
June 7, 1923.

1693. The Bishop Museum,
Honolulu, T.H.
June 7, 1923.

1694. Office and laboratory
wing of Bernice Pauahi Bishop
Museum, Honolulu, T.H.
June 7, 1923.

B.S. 25859. Only locality
where Rattus hawaiiensis is known.
Popoia Island, Oahu.
August 20, 1923.

B.S. 25860. View of rock
ledge on shore. Popoia Island,
Oahu.
August 20, 1923.

B.S. 25861. View on Popoia
Island where Rattus hawaiiensis
is found. Popoia Island, Oahu.
August 20, 1923.

1695. Sesuvium and Hibiscus
titiaceous growing on Popoia Island,
off Oahu.
August 20, 1923.

B.S. 25862. Manana Island at
left off Oahu.
August 21, 1923.

B.S. 25863. View of old crater.
Rabbits introduced here. Manana
Island, Oahu.
August 21, 1923.

B.S. 25864. View of old crater.
Manana Island, Oahu.
August 21, 1923.

1696. Bruce Cartwright (left)
and Charlie Judd on the shore of
Manana Island off Oahu.
August 21, 1923.

1697. Left to right, S.C. Ball, A. Wetmore and Charlie Judd.
On Manana Island off Oahu.
August 21, 1923.

B.S. 25865. Laysan albatross
and wedge-tailed shearwaters. Laysan
Island.
May 5, 1923.

1698. A colony of Laysan
Albatross on Eastern Island.
Midway Islands.
April 23, 1923.

B.S. 25867. Group of Laysan
Albatross. Laysan Island.
April 11, 1923.

B.S. 25869. Laysan Albatross,
beginning of dance. Laysan Island.
May 5, 1923.

B.S. 25870. Laysan Albatross,
one step in the dance. Laysan
Island.
May 10, 1923.

B.S. 25871. Laysan albatross,
one step in dance. Laysan Island.
May 5, 1923.

B.S. 25872. Laysan albatross,
one step in dance. Laysan Island.
May 5, 1923.

B.S. 25873. Laysan albatross,
final step in the dance. Laysan
Island.
May 10, 1923.

B.S. 25874. A pair of Laysan
albatross. Laysan Island.
May 10, 1923.

B.S. 25876. Laysan albatross.
Laysan Island.
May 10, 1923.

1699. A. Wetmore and Laysan
Albatross. Laysan Island.
May 10, 1923.

1700. A. Wetmore and Laysan
Albatross. Laysan Island.
May 10, 1923.

1701. A. Wetmore and Laysan
Albatross. Laysan Island.
May 10, 1923.

1702. A. Wetmore and Laysan
Albatross. Laysan Island.
May 10, 1923.

1703. A. Wetmore with Laysan
Albatross. Laysan Island.
May 10, 1923.

1704. A. Wetmore with a pair,
of Laysan Albatross. Laysan Island.
May 10, 1923.

1705. A. Wetmore and Laysan
Albatross. Laysan Island.
May 10, 1923.

1706. C. E. Reno and Laysan
Albatross. Laysan Island.
May 10, 1923.

B.S. 25879. Group of Laysan
albatross. Laysan Island.
May 3, 1923.

B.S. 25880. Laysan albatross
with young. Laysan Island.
May 10, 1923.

1707. Young Laysan Albatross.
Lisianski Island.
May 18, 1923.

B.S. 25885. Young Laysan albatross.
Laysan Island.
May 13, 1923.

B.S. 25886. Young Laysan
Albatross, Diomedea immutabilis.
Lisianski Island.
May 19, 1923.

1708. Young Laysan Albatross.
Lisianski Island.
May 19, 1923.

1709. Young Laysan Albatross.
Lisianski Island.
May 19, 1923.

1710. Head of young Laysan
Albatross, Johnston Island.
July 12, 1923.

1711. Young Laysan Albatross,
Necker Island.
June 20, 1923.

B.S. 25890. Laysan albatross
(young), Diomedea immutabilis.
Necker Island.
June 20, 1923.

1712. Young Laysan Albatross
on Gardiner Island.
May 22, 1923.

1713. Young Laysan Albatross.
Necker Island.
June 18, 1923.

B.S. 25894. "Is it loaded?" (young
Laysan albatross). French Frigates
Shoal.
June 26, 1923.

B.S. 25896. Young Laysan
Albatross, Diomedea immutabilis.
French Frigates Shoal.
June 23, 1923.

B.S. 25897. Laysan albatross
feeding young. Necker Island.
June 19, 1923.

B.S. 25898. Laysan albatross
caressing young. Necker Island.
June 19, 1923.

B.S. 25899. Laysan albatross
about to feed young. French
Frigates Shoal.
June 23, 1923.

1714. Young Laysan Albatross
practicing flight. Necker Island.
June 29, 1923.

B.S. 25901. Young Laysan albatross
practicing flight. Necker Island.
June 29, 1923.

B.S. 25902. Dance of black-
footed albatross, Ocean Island.
April 20, 1923.

B.S. 25904. Black-footed
albatross, Diomedea nigripes.
Laysan Island.
April 11, 1923.

1715. A mated pair of black-
footed albatross. Laysan Island.
April 11, 1923.

1716. View in colony of black-
footed albatross. Laysan Island.
April 13, 1923.

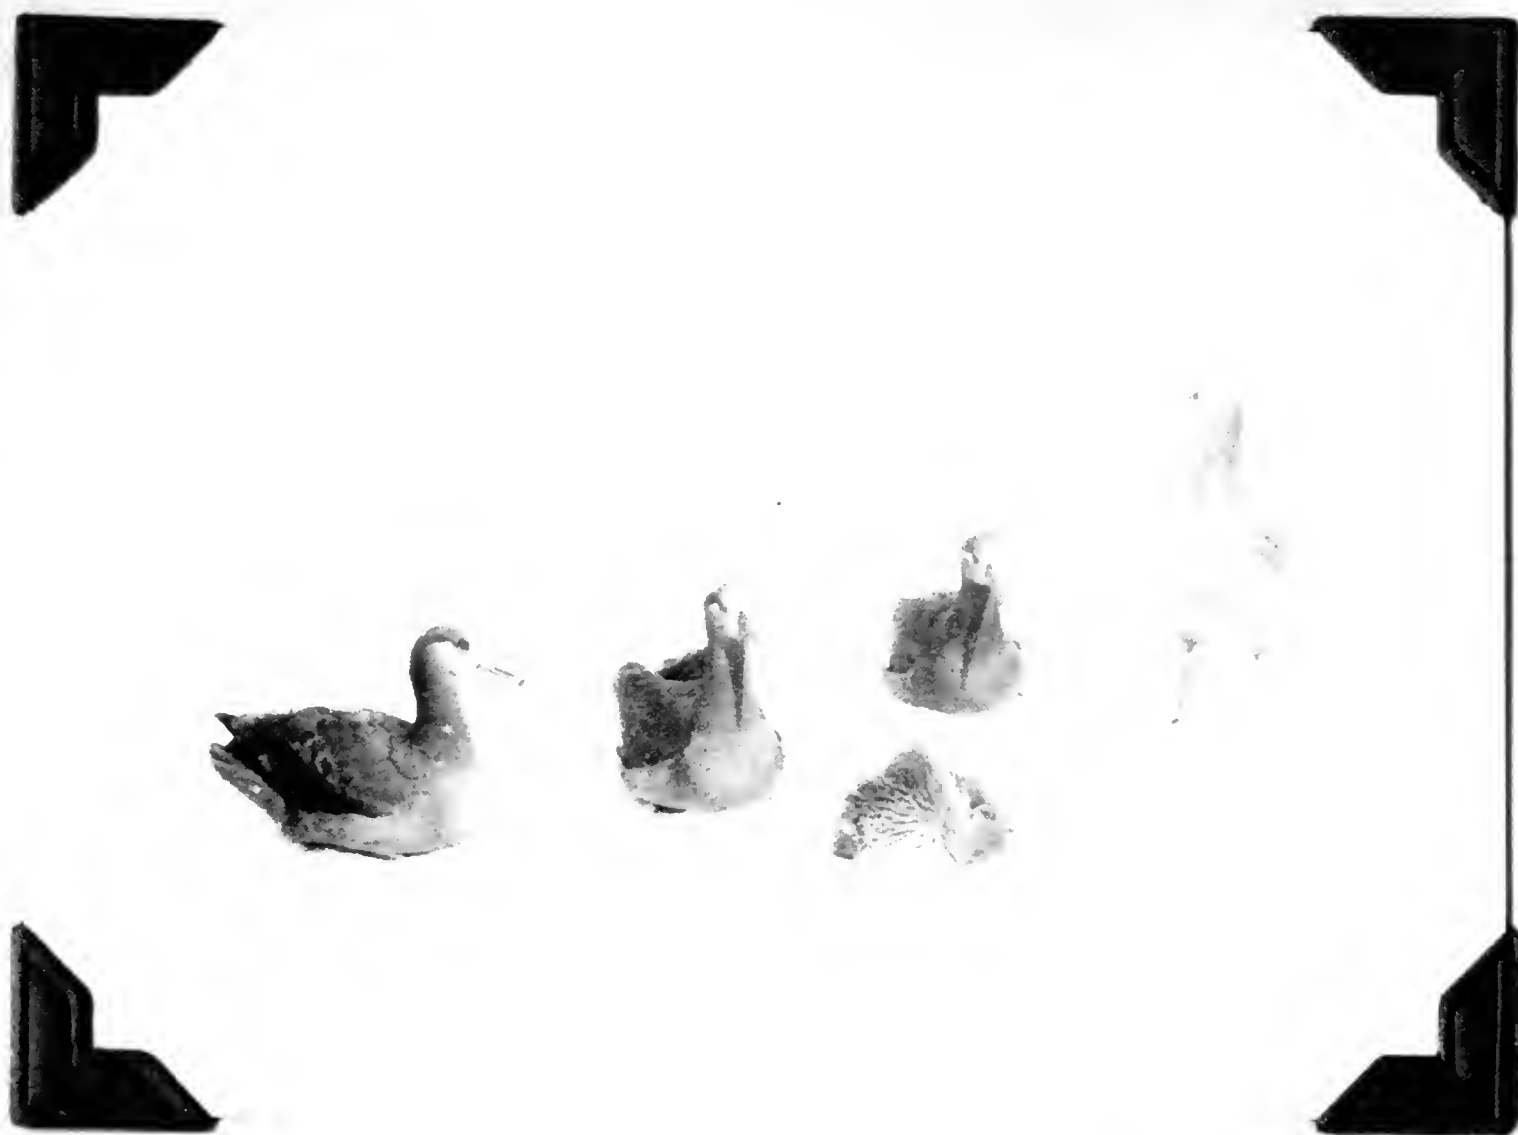

1717. Group of black-footed
albatross, adult and young.
Laysan Island.
April 12, 1923.

1718. Colony of black-footed
albatross, Laysan Island.
April 12, 1923.

B.S. 25906. Colony of black-footed
albatross, adult and young. Ocean
Island.
April 19, 1923.

B.S. 25908. Group of black-footed albatross with one young.
Laysan Island.
May 3, 1923.

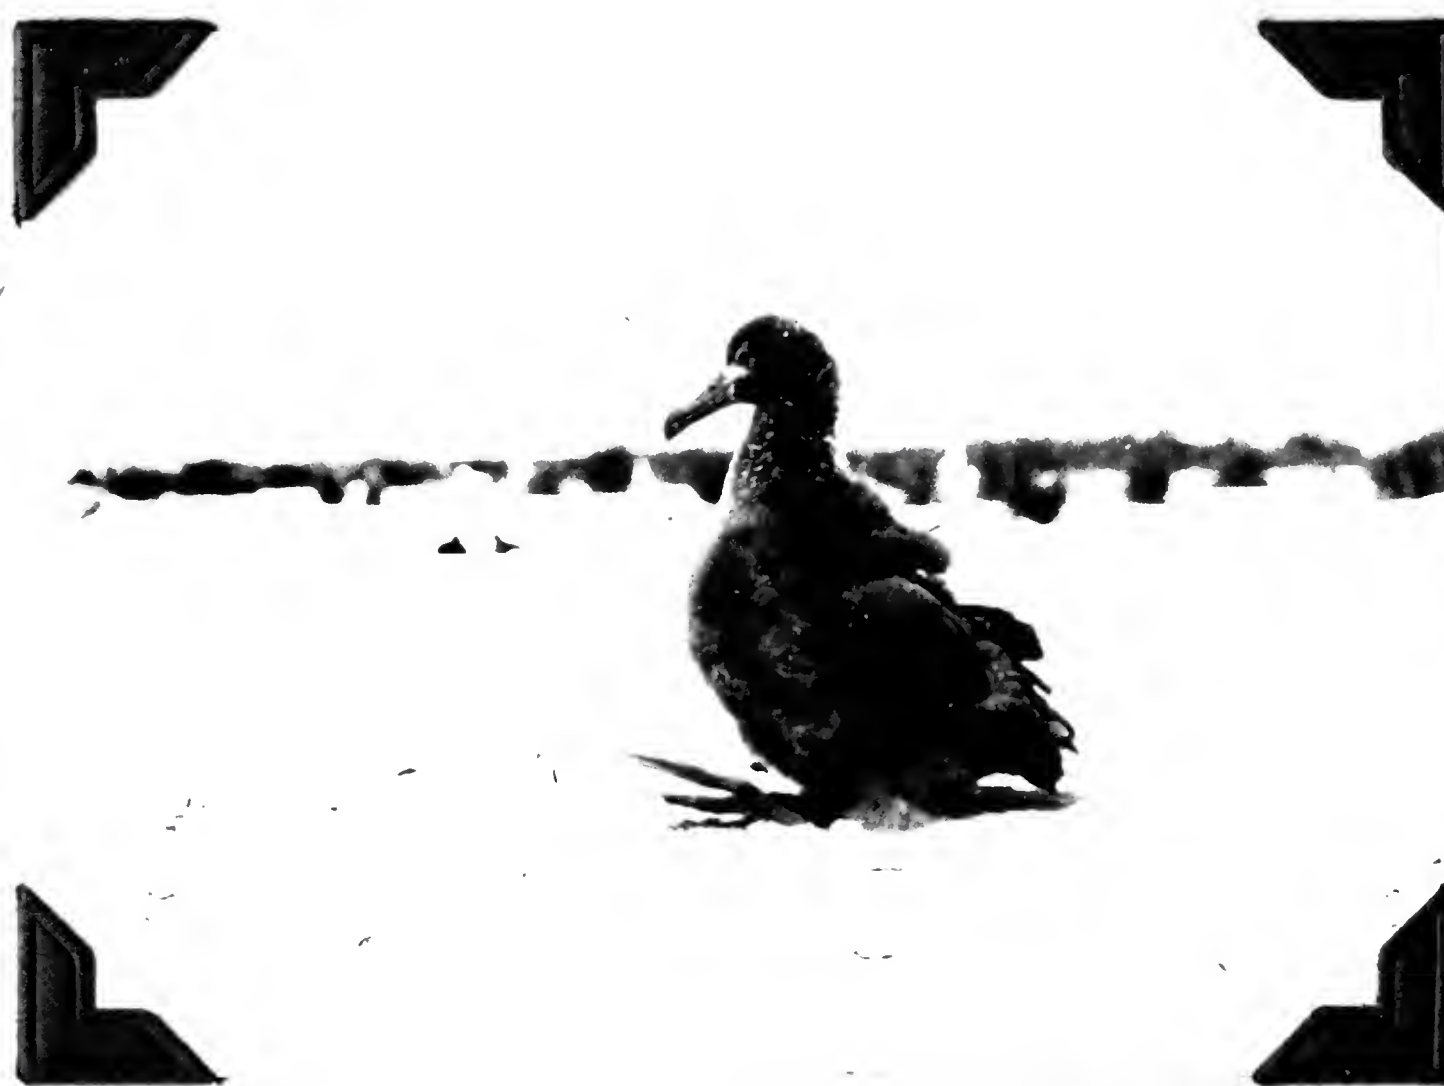

B.S. 25909. Young black-footed albatross. Ocean Island.
April 20, 1923.

B.S. 25910. Young black-footed albatross asleep. Laysan Island.
May 3, 1923.

1719. Young black-footed Albatross in
nest. Laysan Island.
May 3, 1923.

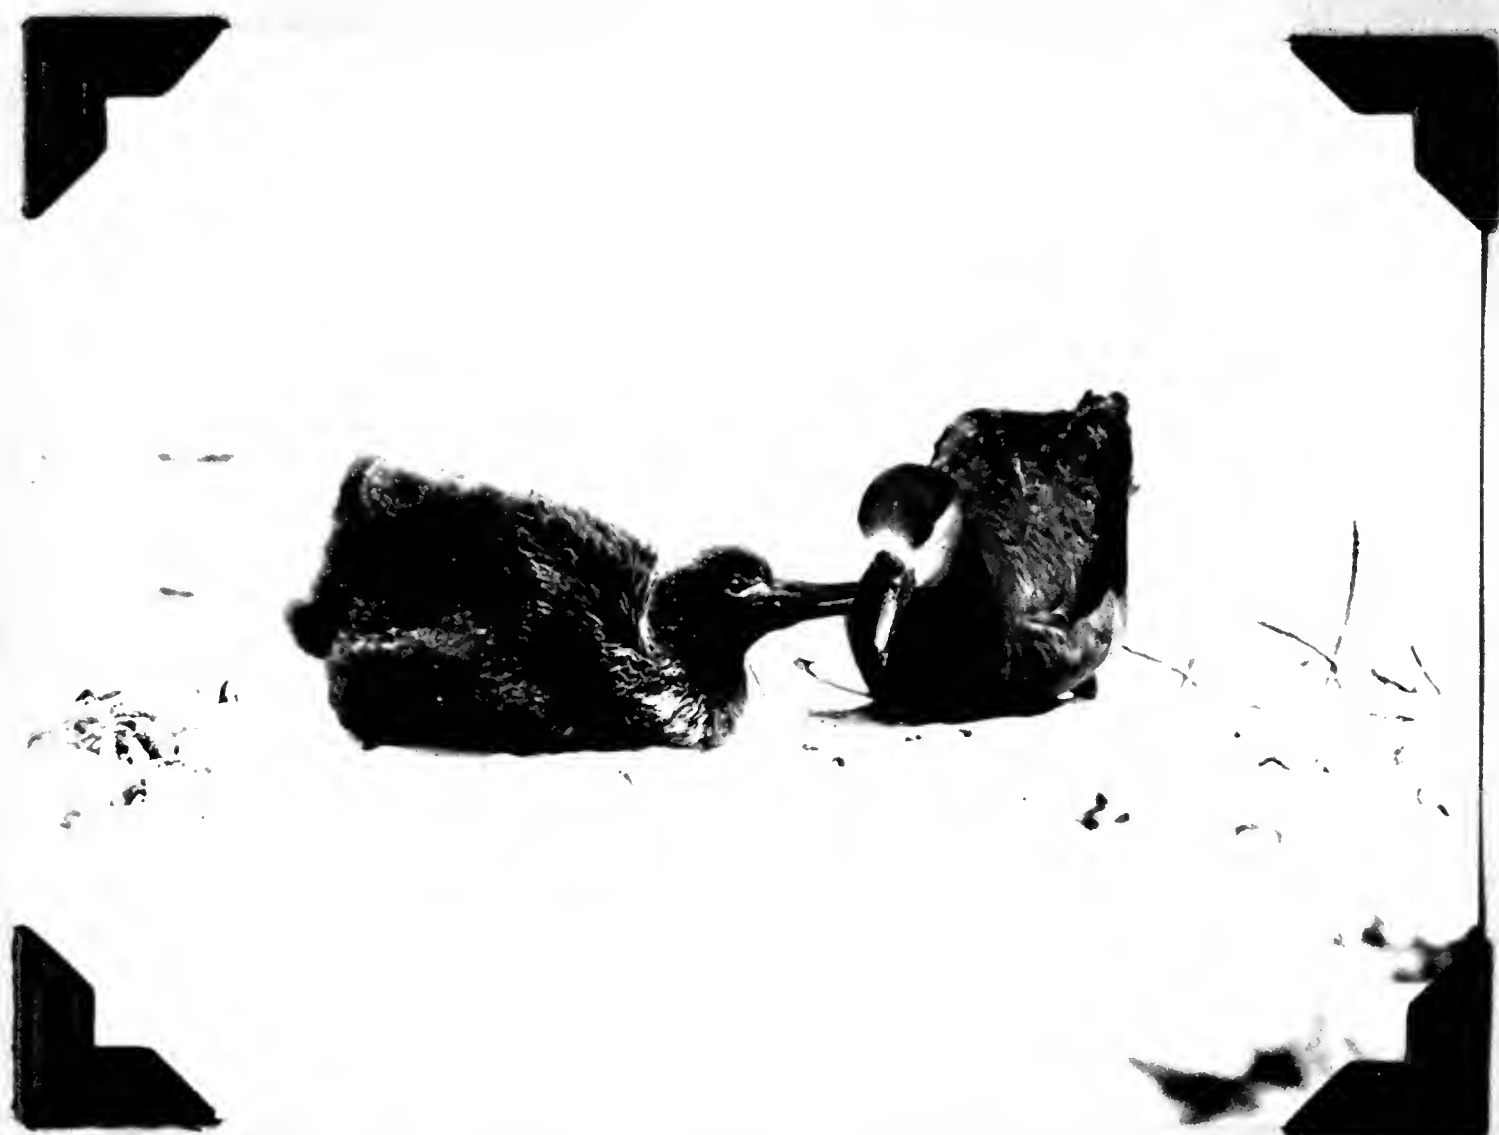

B.S. 25912. Young black-footed
albatross, Diomedea nigripes.
Lisianski Island.
May 18, 1923.

1720. Young black-footed
albatross asleep.
Laysan Island.
May 3, 1923.

1721. Young Black-footed Albatross
in nest depression. Laysan Island.
May 3, 1923.

B.S. 25914. Young black-footed.
albatross begging for food. Laysan
Island.
May 3, 1923.

albatross preparing to feed. Laysan
Island.
May 3, 1923.

B.S. 25916. Adult black-footed
albatross preparing to feed young.
Laysan Island.
May 3, 1923.

B.S. 25918. Black-footed albatross
feeding young by regurgitation.
Laysan Island.
May 3, 1923.

1722. Black-footed Albatross
feeding young by regurgitation.
Laysan Island.
May 3, 1923.

B.S. 25919. Black-footed
albatross about to feed young.
Sand Island, Midway Islands.
April 24, 1923.

B.S. 25920. Black-footed
albatross feeding young by re-
gurgitation. Sand Island, Midway
Islands.
April 24, 1923.

1723. Group of black-footed
albatross, Ocean Island.
April 20, 1923.

1724. Black-footed Albatross
feeding young by regurgitation.
Sand Island, Midway.
April 24, 1923.

1725. Colony of Black-footed
Albatross. Eastern Island, Midway
Islands.
April 23, 1923.

1726. Colony of Black-footed
Albatross on the north end of
Laysan Island.
April 12, 1923.

1727. Colony of Black-footed
Albatross on the summit of Miller's
Peak, 800 feet above the sea.
Nihoa Island.
June 14, 1923.

1728. Young Black-footed
Albatross on Gin Island, French
Frigates Shoal.
June 24, 1923.

B. S. 25921. Colony of Albatross
at over 800 feet altitude below
Miller's Peak. Nihoa Island.
June 14, 1923.

B.S. 25922. Young black-footed
albatross, Diomedea nigripes.
Necker Island.
June 20, 1923.

B.S. 25924. Group of young
black-footed albatross. Necker
Island.
June 20, 1923.

B.S. 25928. Young black-
footed albatross practicing
flight. Necker Island.
June 20, 1923.

B.S. 25930. Bulwer's Petrel,
Bulweria bulweri. Laysan Island.
May 2, 1923.

1729. A Bulwer's Petrel.
Laysan Island.
May 2, 1923.

B.S. 25932. Bulwer's Petrel,
Bulweria bulweri. Necker Island.
June 20, 1923.

1730. Bulwer's Petrel on
nest. Necker Island.
June 20, 1923.

B.S. 25933. Bulwer's Petrel.
Johnston Island.
July 13, 1923.

1731. Bulwer's Petrel,
Johnston Island.
July 13, 1923.

B.S. 25934. Southwest shore.
Gray-backed terns on rocks.
Laysan Island.
May 2, 1923.

B.S. 25935. Pair of Bulwer's
petrels taken from nest site in
rock crevice at left. Laysan Island.
May 2, 1923.

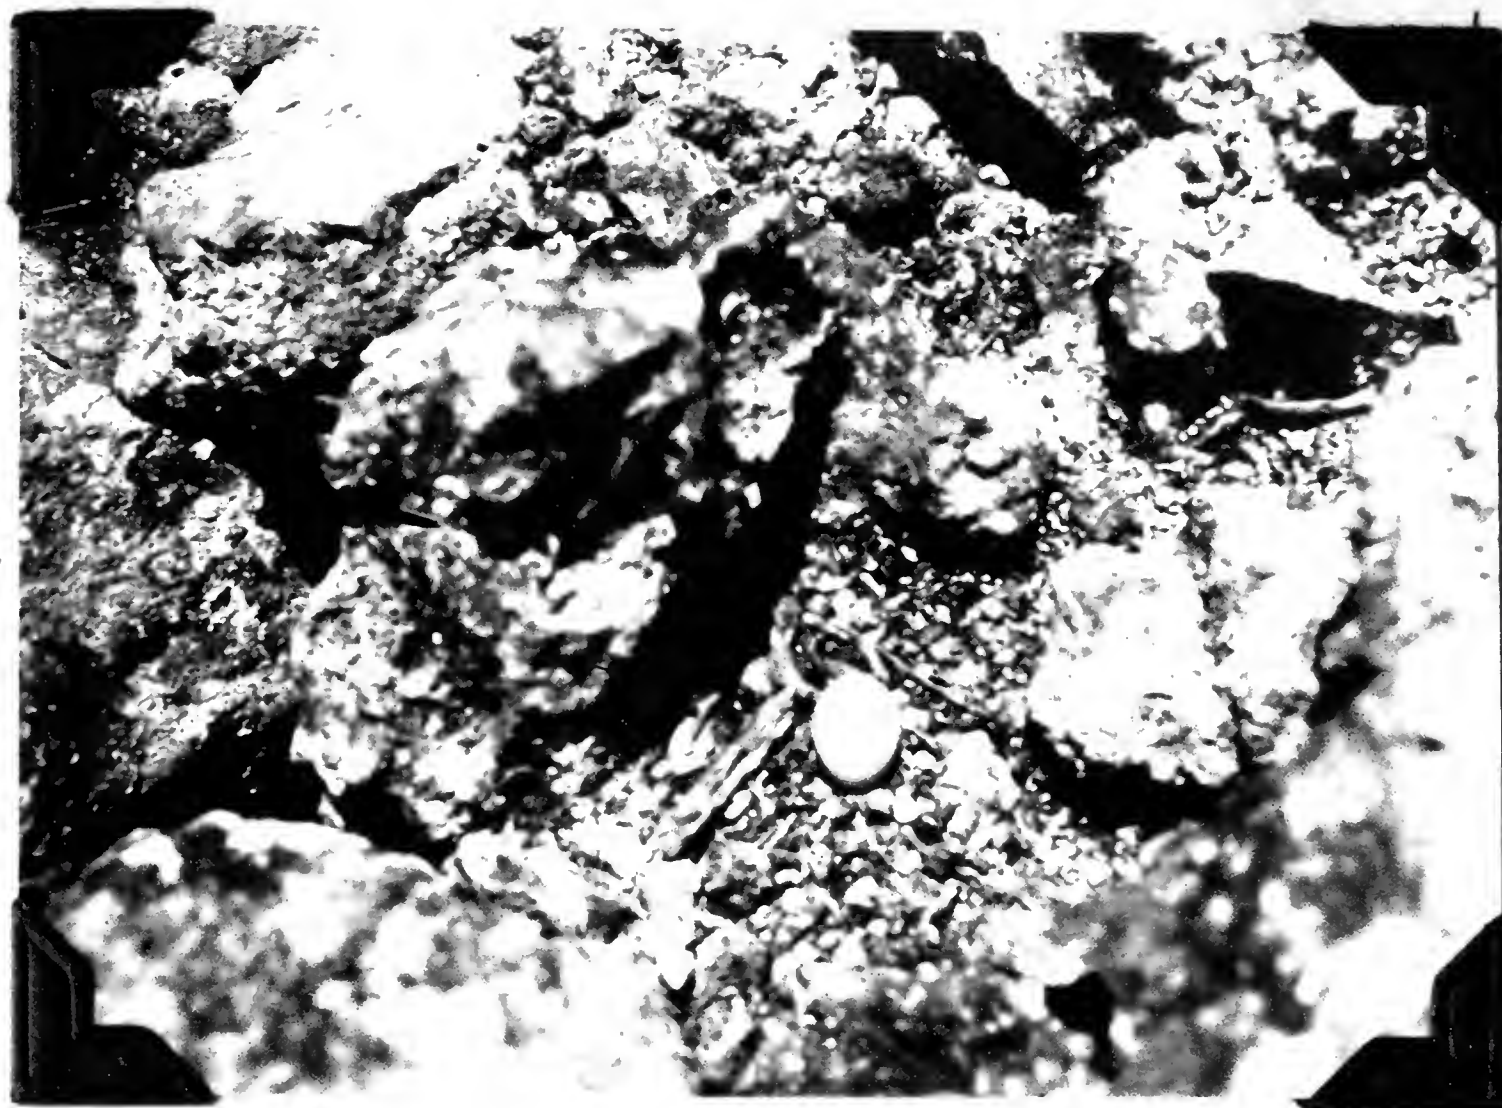

1732. Eric Schlemmer with a
pair of Bulwer's Petrels taken
from the nearby rock cleft.
Laysan Island.
May 2, 1923.

B.S. 25936. Bulwer's petrel at
nest. Necker Island.
June 20, 1923.

1733. Nest and egg of
Bulwer's Petrel. Necker Island.
June 18, 1923.

B.S. 25938. Young Bulwer's
petrel, Bulweria bulweri. Johnston
Island.
July 11, 1923.

B.S. 25940. Downy young of
Bonin Island Petrel, Pterodroma
hypoleuca. Pearl and Hermes
Reef.
April 27, 1923.
